Please describe the medical condition or allergy _____

I understand that the school does not have a nurse or other staff person qualified to provide medical assistance on the premises. Its staff of teachers and officers is not authorized to dispense medications of any kind.

In the event of accident or illness, I request that the school notify me, the parent/guardian of the above-mentioned enrolled child/ren. If the school is unable to locate a parent/guardian, I request that they notify one of the two friends or relatives to whom I have granted permission to be responsible for my child's care in the absence of the parent/guardian. If it is not possible to contact the parent/guardian or the emergency contacts, I give permission to the school to make whatever arrangements necessary in the best interest of the child.

In the event of a medical emergency requiring immediate care, I authorize the school to place a 911 call to the local Emergency Medical Service in order to provide assistance to the student.
